QUEBEC POLITICS.

ASSUMING A STRENUOUS EFFECT

Two Provincial Senators file pleas containing bequests for Premier Parent

Quebec, Feb. 9.—An interesting development in the political squabble is the filing of pleas by Senators Choquet and Legris in an action for damages brought against them by Premier Parent. Choquet pleads that Parent is unworthy and incapable, having misled citizens interested in the Trans-Canada Railway and is a public liar, and an atrocious Nepot. Legris pleads similarly and if possible is a little stronger in his terms of accusation.

MUNICIPAL AFFAIRS**DISCUSSED ON TUESDAY EVENING.**

Council Transacted Considerable Business Before Beginning Police Investigation.

A considerable amount of general business was transacted by the council on Tuesday evening before taking up the police investigation.

The Secretary of the Union of Canadian Municipalities of which the city is a member wrote requesting the payment of the annual subscription of \$2. The account was ordered paid.

A communication from an Eastern city requesting help in fighting a corporation was forwarded to F. Oliver, M. P., at Ottawa.

Theodore M. Knappen, secretary of the Western Canada Immigration wrote the council asking for a grant for the purposes of the Association. The letter was referred to the Finance Committee.

The Secretary-Treasurer of the Fire Brigade wrote that Mr. J. Wilson had been nominated chief of the brigade, that H. W. Heathcote had been re-elected Sec.-Treas., and that the election of the Asst. Chief would take place on Monday next. The Fire, Water and Market committee were asked to report.

J. H. Johnston was ordered paid salary as chief of the fire brigade for services during the past three months.

Corp. M. Leod, R.N.W.M.P., asked a bill for \$2.95 for the transportation and keep of a city prisoner sent to Calgary barracks. The account was referred to the city solicitor.

Mr. Hargreaves the new public works commissioner wrote stating that he would probably be able to leave his present position in two weeks. Ald. McLeod was appointed commissioner temporarily, until Mr. Hargreaves's arrival.

The Finance Committee were asked to report on a request from the Alberta Poultry and Pet Stock Association for a grant toward their show.

The secretary of the fire underwriters' association wrote saying that he would be in Edmonton in a short time and would go into the question of a readjustment of the insurance rates on the power house. He suggested several alterations which would tend to reduce the rate. The Water Light and Telephone Committee were asked to take up the matter and were given power to have the suggested alterations made. The installation of a second high pressure pump which was recommended in the communication was left to be dealt with later.

Letters from Chas. F. Roland, St. Catharines, Ont., offering to devote his services to advertise the city in American papers and from Mr. J. Eby of Berlin, Ont., re the establishment of a gas engine works here were filed.

The public works commissioner was asked to make a canvass of the city or have this made to ascertain how much power would be used by factories, etc., if the city power plant were operated during the day.

The Bulletin wrote requesting the privilege of tendering for the printing required by the city during the year.

An application from the engineer at the power house for a increase of wages was laid on the table.

By-law number ten confirming the issuance made last year in the absence of Mayor Stewart was read three times and finally passed.

Ald. Grice brought up the offer of Messrs. Harf & Wager to pay 35 per cent. of the cost of scale books for the city scales during the year if they were allowed to put an advertisement on the back of the tickets. The offer was declined it being held that the city should pay for its own printing and not engage in the advertising business.

ROSS BROTHERS LIMITED

ARE THE SOLE AGENTS
IN EDMONTON FOR THE

MONARCH RANGE...

There is no question as to what this Range can do or its durability, as thousands and thousands of them are in use on this continent, and so far as we have been able to learn no fault has yet been found with them.

The main body of this Range is built up of sheet steel, and all the other parts that require to be cast are malleable iron. The top is ground to a bright steel finish, and is so heavy that, no matter how long or how hot you heat it, you cannot make it warp or get out of shape.

You will notice that the oven has a drop door, and the above cut illustrates the strength of this door, as any man can stand on it when it is open without straining it in the least. This will give some idea of the strength of the Stove, as all its parts are as strong as this cut of the oven door open with the salesman standing on it would convey to you.

It is a wonderful baker, a very quick heater, and its water front is so constructed that it will heat water nearly twice as quick and on a much less quantity of fuel than any other Range now on the market.

The purchaser of a MONARCH RANGE insures a satisfaction that cannot be measured in dollars and cents, for at the end of ten years' use it will operate as easily and be just as good as when first started.

Remember the MONARCH when you want to purchase a Range.

CALLING FOR HELP.

The Bulletin in receipt of the following letter which is apparently being sent to all the newspapers in the district.

The purpose is made clear in letter below.

Dear Sir:

Apparently the time has approached when autonomy will be granted to the territories on the basis of two provinces. This will ultimately necessitate the selection of a capital for Alberta, the Western province. It is expected that the Dominion Parliament in the Provincial Bill will name a place as provisional capital and that the permanent capital will be finally fixed when the first local Legislature meets and funds are asked for public buildings. Whether the capital is located in Northern Alberta in Central Alberta, or in Southern Alberta is a matter of very considerable interest to the people of the west. In order that this question may be settled strictly on its merits, and that the wishes of the majority of the voters in Alberta may not be defeated, a large delegation elected at a mass meeting held last night, has just left Calgary for Ottawa with a view to increasing on the authorities the importance of not naming in the bill any point as provisional capital that aspires for to become the permanent seat of Government, but to appoint as provisional capital a town such as Banff which would not be a competitor for capital honours.

If either Calgary or Edmonton, or any other competitive point becomes the temporary capital, chances are that the pressure brought to bear on the members of the first Legislature coupled with the moral advantage of possession, would exert so strong an influence that the capital would be practically anchored there. Such a course would be neither just nor desirable and the city of Calgary desires no such advantage, nor do we believe any other western town does.

In urging on the Government to name a neutral point as provisional capital, the citizens of Calgary feel that they are making a fair, and reasonable request, and I am now directed to invite your co-operation in the matter. No objection can apparently be taken to the Dominion Government training from causing the weight of its influence with any particular city or town. The matter is an essential one for the people themselves to pronounce upon.

Another matter the delegation above referred to are instructed to impress upon the Government is that the distribution of electoral districts for the first provincial election be made scrupulously on a basis of actual population in order that full voting power may be accorded each section of the new province. An enormous development has taken place in Southern and Central Alberta since the last census and it is very important that complete allowance should be made in respect of this.

The people of this city frankly admit that Calgary is in the field for capital honours and that we propose to fairly contest the point against all comers. We are however satisfied to rest our case on its merits provided a fair field and no favors are accorded. Should the peoples representatives in the first Legislature decide against Calgary's claims, for preference and the decision is unbiased one, we will endeavor to bear our disappointment as gracefully as possible.

Thanking you in anticipation for your valuable assistance in this matter.

Believe me, yours faithfully,
Chas. W. Peterson,
Secretary.

SUCCESSFUL PEDRO PARTY.

The young people of St. Joachim's Church gave another of their monthly progressive Pedro parties, Tuesday evening in Robertson's Hall, when some one hundred and forty sat down to cards.

The prizes were won by the following: First Ladies prize—Miss McLeod Strathcona.

Second Ladies prize—Miss Necher Edmonton.

First Gent's prize—Mr. Howard Edmonton.

Second Gent's prize—Mr. Smith St. Albert.

A music programme was also a pleasing feature of the evening's entertainment.

Synopsis of Regulations for Disposal of Minerals on Dominion Lands in Manitoba, the Northwest Territories and the Yukon Territory

Coal.—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 3600 pounds shall be collected on the gross output.

Quartz.—Persons of eighteen years and over and joint stock companies holding free miners' certificates, may obtain entry for mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of \$750 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500 by 1,500 feet by marking out the same with two legal posts bearing location notices, one at each end of the line of the lode or vein.

The claim may be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid the locator may, upon giving a survey made, and upon complying with other requirements, purchase the land at \$1.00 per acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining, Manitoba and the N. W. T.—excepting the Yukon Territory.—Placer mining claims are generally 100 feet square, entry fee \$5.00, renewable yearly. On the North Saskatchewan river claims for either bar or bench, the former being 100 feet long, and extending between high and low water mark, the latter includes bar digging, but extends back to the base of the oil or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N. W. T.—excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each, for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have or who may receive entries for our diggings on bench claims, except in the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction, will be sufficient. Rental, \$10 per annum for each mile of the river leased, royalty at the rate of two and a half per cent, collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, and the boundary to be fixed by its position on the first day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year, and \$10 per mile for each subsequent year, royalty same as placer mining.

Placer Mining in the Yukon Territory.—Creek, gulch, river, and mill claims shall not exceed 250 feet in length, measured on the base line, in general direction of the creek or gulch the width being from 1,000 to 2,000 feet. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing location notices. Entry must be obtained within ten days. If the claim is within ten miles of a mining recorder's office, one additional day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether, on the output of which no royalty shall be charged, the rest of the party's claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent, on the value of the gold shipped from the Yukon Territory to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on

each separate river, creek or gulch, but the same mine may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of \$2. A claim may be abandoned, and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made, and publishing notice in the Yukon Official Gazette.

Placer Mining, Yukon Territory.—Locations suitable for hydraulic mining, having a frontage of from one to five miles, and a depth of one mile or more, may be leased for twenty years, provided the ground has been prospected by the applicant or his agent, is found to be unsuitable for placer mining, and does not include within its boundaries any mining claims already granted. A rental of \$150 for each mile of frontage and royalty at the rate of two and one-half per cent of the value of the gold shipped from the territory are charged. Operations must be commenced within one year from the date of the lease, and not less than \$5,000 must be expended annually. The lease includes all base metals, quartz and coal, and provides for the withdrawal of unoccupied land for agricultural and building purposes.

Petroleum.—All unappropriated Dominion lands in Manitoba, the Northwest Territories and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 400 acres. Should the prospectors discover oil in paying quantities, and satisfactorily establish such discovery to an area not exceeding 640 acres, including the oil well and such other land as may be determined, will be sold to the discoverer at the rate of \$1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

IN THE EGG LAKE OIL PROPERTY

Operations suspended at a depth of 213 feet, owing to cold weather. Four layers of oil strata.

H. L. Williams and J. W. McIntosh who have been in charge of the oil drilling work at Egg Lake for the past month came into town yesterday having finished the preliminary work.

The well is 213 feet deep and the drilling has shown three strata of oil bearing sand and shale and when work was stopped the drill was twelve feet into a fourth strata which is richer and better than any of the rest.

"The reason we discontinued drilling" said Mr. Williams is that work cannot be prosecuted economically or expeditiously in this cold weather and besides we have demonstrated to our own satisfaction that oil is there in paying quantities. As soon as the weather moderates a pumping plant will be put in and development on the property will be pushed as rapidly as possible.

"In my opinion," said Mr. Williams we have a much greater and richer oil field here than they have in Summerland, California. The oil we have is a fine fuel oil and the results of our work are more than satisfactory to us."

Big Bonspiel On.

Bulletin Special.

Winnipeg, Feb. 7th.—The bonspiel opened this evening with the first draws. This bonspiel gives promise of being the most successful in history. 138 rinks are entered in the Grand Challenge and Empire events. More are expected to-morrow. Addressing the members, President Fowler paid a high tribute to Western curlers. The temperature of the past three weeks has moderated to a few degrees below zero. There is no wind and the ice is splendid.

Everybody Pleased.

Bulletin Special.

Ottawa, Feb. 8.—Seldom has Parliament given as warm a greeting as was extended to R. L. Borden, when he entered the chamber this afternoon escorted by Messrs. Foster & Monk. After the formal introduction by Mr. Foster took his seat. The applause from the Government side of the house was scarcely less vigorous than the enthusiastic welcome given by the opposition and their leaders. Mr. Borden's desk was decorated by his followers with roses and carnations and as he took his seat a page brought a handsome bouquet of roses from his friends on the Government side. The house had the largest attendance of the session and the galleries for the first time this year were crowded.

Calgary Delegation at Ottawa.

Ottawa, Feb. 7th.—The Mayor of Calgary, Dr. Stewart and others arrived tonight to interview the Government in regard to the capital of one of the new provinces in the North West. The want some neutral point say Banff placed in the bill as temporary capital so that the permanent capital can be decided while the delegation does not say so of course they want to get Calgary finally located as the capital.

Lumbermen at Ottawa.

Ottawa, Feb. 7th.—A delegation representing Ontario and British Columbia lumbermen waited on Premier Laurier and some of his ministers today, and asked that a customs duty of \$2 a thousand be placed on rough lumber entering Canada from the United States. The principal complaints are lumbermen from B. C. who say they have got to close their mills three months in the year because of the competition from United States mills. While British Columbia is after is to get the trade of Manitoba and the Northwest which now goes largely to the United States. The duty would pay the haul from the coast to Calgary, and other points in the Northwest. The Farmer is opposed to any increase as he says it will retard settlement. The British Columbia lumbermen replies that he is not going to pay for sending Doukhobors and Galicians in the Northwest. Sir Wilfrid told the delegation a tariff commission would be appointed to look into all industries, but nothing would be done until the return of the finance minister from England. As a matter of fact nothing of importance will be done this session.

Unhappy Poland.

Bulletin Special.

London, Feb. 8.—Further outrages are reported from Poland. That unhappy land is still in the throes of political strike, but the strike generally in the Russian Empire is also there overshadowed by the Finnish assassination yesterday, the Emperor remarking, "It is a shocking crime."

Telegraphic Briefs.

Ottawa, Feb. 8th.—Mayor Geraldett of Sandwich has been appointed commissioner to the Worlds fair at Liege Belgium.

Toronto Feb. 8th.—Toronto county Orange Lodge has passed a strong resolution condemning the movement to impose separate schools on the new provinces and calling attention of all members of the order in the Dominion to influence the members of the house against the proposal.

Winnipeg, Feb. 8.—The Rainy River rink was burned this morning including town fire hose, clubs curling stones and all contents of the rink. The total loss is \$4900, insurance, \$3000.

Torawanda, Feb. 8th.—P. A. Bugler Johnston, aged 26 years, has confessed to the murder of his wife and niece and that he burnt the bodies.

Washington, Feb. 8th.—The Dominion is about to assert the right of Canadian fishermen. The United States however has admitted the right of Canadians to fish in Hecate Straits between Queen Charlotte Island and the mainland.

New Judges Chosen.

Bulletin Special.

Ottawa, Feb. 7.—At the cabinet meeting today Justice John Iddington of the high court of Ontario, common pleas division, was appointed to succeed Justice Killam on the supreme court bench. R. C. Clute, K.C., of Toronto, has been appointed to take the place of Justice Iddington on the High Court bench. Mr. Clute has taken a deep interest in labor questions. He was a member of the Chinese commission which reported in favor of \$5.00 poll tax. He is a very able lawyer and will make a good judge. Before going on the bench, Justice Iddington was a prominent lawyer in Stratford. Both appointments will be well received.

Quebec Politics.

Bulletin Special.

Quebec, Feb. 8.—Premier Parent has called a caucus of Liberal members for Wednesday evening in the Parliament House. Ex-Ministers Gouin, Ferguson and Wier have met this movement by inviting Liberal members to attend a caucus at Chateau Frontenac an hour earlier than the parent caucus.

WHITE WHALE LAKE.

Our winter is passing away very pleasantly, fine bright days most of the time with an occasional cold dip to remind one of the old Boreas.

It is good news for the settlers to learn of the decision of the Messrs. White to bring in their saw mill to do custom work for the settlement both Indian and white. Many are busily at work getting logs on the slides in readiness for the arrival of the mill. It is especially pleasing to see how desirous the Soneys are to improve their surroundings.

A Mowasin settler has a sample of oil that he discovered recently near there. It runs freely. With our supply of coal, fish, fruit, building stone and petroleum, certainly we ought to regard ourselves as fortunately situated. When we add that we are so located that the new transcontinental is bound to work us or go very near, we can look forward hopefully to the future.

A fact to which the attention of our fishery officer and inspector should be drawn, is the non-consequence of the close season, with the spawning season in White Whale Lake. They should, for the close season is supposed to protect the fish during the spawning period that there be no check in the reproduction. When they fail to coincide, and the fish are taken out by tens of thousands as they have been this winter, it spells ruin.

The church on the Reserve has been deeded over with B. C. fir, adding very much to the comfort and appearance of the building.

A petition has recently been circulated to secure the opening of a new post office on the north side of the Reserve.

WHAT COSTS MOST

WHOLE lot of people fancy the cigar business is a snap!

They figure out that all you need is some cases of tobacco, a few cigar makers, and the name of some stage favorite or prominent man.

The quality of the filler does not interest them at all—the binder is beneath their notice—but the wrapper and the name is all important.

They can sell this kind of cigar at \$55.00 a thousand, give a gold watch into the bargain, and then make a good size profit.

The principal cost of Pharaohs is in tobacco—I buy the best filler in the world—a Cuban leaf—one I select myself from the best of the Manicurgua district, in the Province of Santa Clara—a Connecticut broad leaf as binder, the most expensive in the world—and I import a clear leaf Sumatra from Holland as wrapper.

I secure by this means a superb cigar, a fragrant, even smoker—very palatable—very superior to the ordinary run of cigars.

LOCAL

—Train 15 minutes late.

—The Old Timers annual ball tomorrow evening.

—U. S. Foster is opening up a hard ware business at the corner of Kinistina avenue and First street.

—J. Larue has purchased J. Perras interests in the city and will conduct the business in the future.

—Robert English recently connected with the Calgary Herald is dead in California.

—The high school team defeated the Alberta College team 4 to 2 on the school rink on Tuesday evening.

—The operatic society held their regular weekly rehearsal in Gariepy Hall last evening. There was a good attendance.

—The Strathcona hockey team expect to leave on Monday on a tour of southern points which may extend to Winnipeg.

—Dr. Chas. H. Stuart-Wade, J.P. S.R.G.S., will prepare an article on the case and district for the forthcoming number of Opportunity.

—Music for the Grand Fancy Dress Ball of the Macabees, Feb. 14th, will be furnished by Clark's orchestra, augmented by the bagpipers, Ex-Mayor Short, Alderman Chas. May and Mrs. E. L. May have been selected to award the prizes.

—The town council of St. Albert at a meeting on Tuesday evening decided to wire the Bishop of St. Albert who is now in the east to co-operate with the Edmonton delegation regarding the establishment of the capital here.

—Lacombe Globe—The Strathcona hockey team have captured the Lacombe cup from the Edmonton aggregation. It is very amusing to see the small amount of space used by the Edmonton papers in telling how it was done, where if it had been a victory they would have taken two columns at the very least.

—James McLean, the man whom it will be remembered figured in an exciting melee at Moose Jaw, Dec. 27th last, was Friday sentenced by Mr. Justice Newland to Sorey Mountain penitentiary for three years. The charge to which he pleaded guilty was that of shooting at Constable Beaudry of the I.N.W.M.P.

—It has been found necessary to add another day to the exhibition of the Alberta Poultry and Pet Stock Association. The show will be held in Robertson Hall on Wednesday, Thursday and Friday of next week, Feb. 15, 16 and 17th. The entries are coming in rapidly and a successful show is assured. An advertisement will be inserted in another column giving the hours at which the hall will be open to the public.

—Lacombe Globe—For the past several weeks Calgary and Edmonton have been sparring for points in regard to the location of the capital. The bout is an interesting one and is attracting considerable attention from the smaller fry along the C. & N. If the Peace river country is taken into consideration on Edmonton has the advantage and will probably get the decision at the ringside in Ottawa.

—The Report is the name of a new journalistic venture at Ft. Saskatchewan the first number of which has been issued. The Report is a literary rather than a news publication and the first number contains a short story on the South African war by Basil C. D. Easum. An editorial promises that these stories will be one of the features of the new paper.

—The Watakiwin bonspiel is on to day and tomorrow.

—Though not well advertised the Jubilee Singers were greeted by a good house in Robertson Hall last evening and are pronounced by those present a splendid aggregation of singers. They appear in the hall again this evening when a larger audience will doubtless be present. The programme consists of plantation songs, southern melodies and popular songs.

—Calgary Herald—On the authority of Rev. Leonard Gaetz, D.D., the famous Methodist divine, the Red Deer District is believed to be in sympathy with the anti-slavery cause of Calgary in the capital contest. While in Calgary Sunday the minister remarked with more or less vigor that Red Deer wanted to see the permanent capital of the new province located at Calgary. This is significant because Rev. Leonard Gaetz is one of the heaviest property owners of the enterprising town of Red Deer, and that district is supposed to be detachable ground between the aspirants of the north and south country.

—The first number of the Canadian Forestry Journal, published by the Canadian Forestry Association, contains a sketch of the history of the Association by the Editor, "Canada as a Field for Intelligent Forestry," by E. Stewart, Dominion Superintendent of Forestry, "Forest Influences," Professor J. B. Reynolds, Ontario Agricultural College; "A Glance at Forest conditions in New Brunswick," G. U. May, D. Sc., St. John; "The Forest Resources of the Labrador Peninsula," A. H. D. Ross, M.A., Yale Forest School.

—Calgary Herald—The venerable Father Lacombe officiated yesterday at St. Mary's church. In the course of his sermon he said his heart was sad and sick on account of the disaster which has overtaken the industrial school at the colony of St. Paul des Metis. The loss was placed at \$25,000. Everything was burned even the precious vestments. One of the pupils was burned to death and the nine other teachers and ninety children had a narrow escape, being obliged to fly with nothing but their night clothes. The church alone was saved.

PERSONAL

W. H. Cushing came up from Calgary last evening.

Calgary, Alberta—H. M. Miller of Edmonton, who was formerly in the Canadian Bank of Commerce, was in the city yesterday.

Mrs. John Ross of Elizabeth St., most enjoyably entertained about forty of her friends at a thimble tea on Wednesday afternoon in honor of her friend Miss Clark of Calgary. The spacious drawing rooms were bright with home like coziness and the cold without did not interfere with the happiness within indeed it is a novel and pretty way of entertaining and the function was much enjoyed by all.
